Jos. H. Stewart, Attorney. A CHANCE FOR REAL FREE

It is very difficult to rear children in a crowded town or city. The place to rear children is in the country,

In Macon County, Alabama, the colored people have a rare and exceptional opportunity. This is the county in which The Tuskegee Normal and Industrial Institute is located. There is plenty of good land for sale on easy terms. There is a good schoolhouse, and the school term lasting from seven to eight months in every part of the county. The white people in Macon County are of the very best class. There is no disorder or racial trouble. We advise colored people who are now living in crowded towns or cities, in the North or in the South, and esraise to come to Macon County and resort south of New York. buy a home where they can get plentemptations of the cities and towns.
